To the ML Comm, Bcgs, this Pol
No L 7855 Dy 9-2-43
Requests him to furnish infodmatn
on certain points
Letter No A2 c 509/42 Dy 31-3-43
from the ML Comm. Bcgs, furnishing
the infodmatn called for
a) Noted the infodmatn furnished by
the ML Comm. is correct and in the statement
flagged "O" from the infodmatn
furnished, it is seen that the entire
cost of the formatn of the road has
been met by Govt
b) The mileage of the mixed type road is -
14/4 one mile 2/3 furlongs in length.
The annual maintenance charges work
out to Rs 1000 per mile
c) The road was formed at the cost
of Govt and a sum of Rs 3,9 60/- was
spent thereon. The work was executed
thro' the municipal agency
d) As the road is included within
the municipal limits, it is the duty of
the M I C to maintain it in a
fit condition. The M I C cannot expect
the Govt to meet the maintenance charges
also when asked to attend to the
maintenance - when cannot obtng
be so heavy, as the road was formed

security, - It has also been stated that the maintenance will be attended to if the adjacent sites are given over to the Municipality & the sale proceeds are credited to Municipal funds

12/ Sixty sites are proposed to be formed, each measuring 60' x 100', & Bein[illegible] in a good locality. These sites, when formed well will fetch very good prices & are quite remunerative whether the Govt. either forego the realizations that are presently due to it. It must however be remembered that when houses are built on the sites, the Municipality would be realizing taxes every year from this source

13/ Anyhow, the attitude of the Municipality that it would maintain the roads in question if the adjacent sites are made over to it cannot be appreciated, as it is an obligatory duty of the local body to maintain roads in a proper condition Having regard to the above facts & for consideration of the reasons the Municipality may be accepted

Law Secy, for

Maintenance of Monkey Hope Road Bangalore

Continuation Sheet | File No / Current No | of | Page

14) The C E may be consulted

15) Mr. does not appear to have any demand for more sites. The area is an unhealthy locality, with the main drainage running in the middle & lateral ground undeveloped. If the Municipal Council frame the proposed Sanitary Improvement Scheme, this road will become passable

JT SECTION 19 MAY 1943 GEN & CTT

From the chief engineer
No 482 dy 8/10/43
Furnishes his opinion on the above subject

1) Subject

2a) The monkey thorpe road was formed at a total cost of Rs 30,960/- through the municipal agency, the length of the road is 1 mile and 2/3 furlongs and the annual maintenance charges of the road would be Rs 1,000/- per mile

2b) The B agt had at first proposed that, as the road has not been handed over to them in a completed condition, its maintenance cannot be undertaken by them But they were informed in this office letter dy 22/7/43 that it is the duty of the bd of to maintain it in a good condition for the reasons stated therein

2c) Again the bd of have further resolved That the monkey thorpe road would be maintained by them at their own cost, provided the adjacent sites are given over to the bdy and the sale proceeds are got credited to the municipal funds

2d) The opinion of the chief engineer P W D was called for in the matter and he is of opinion for the reasons stated by the superintending engineer

- - - -

Maintenance of Monkey Thope Road

With reference to your D O 209 dated 7 9 43 and Memo No 63-8/2 dated 14 7 43 for submitting a report re the above, I have the honor to state that the Monkey Thope road marked AB in the plan is a road newly formed by the Municipality out of State Funds at a cost of Rs 68,750/- at the time of laying out Wilson Garden Extensions by this Division and is entirely within Municipal limits This road has to be maintained by the Municipality vide letter No L 829/ ML 50-41-163 dated 22 7 42 from the Law Secretary to the Government to the Municipality Adjacent to the road is the vacant burial ground ACD E and the space CBDF where 96' sites are proposed to be formed (Viz , 40 sites of 40' x 60') and 56 sites of 50' x 80' for being allotted to poor official and the papers are pending before Government

The resolution of the Municipality that the sale proceeds of the adjacent sites to be given over to the Municipality in lieu of maintenance charges cannot be accepted for the following reasons

1 The road was formed out of the State Funds by the Municipality and is within Municipal limits under their control

2 The capital cost of layout viz ,formation of roads installation of street lighting under ground drainages and water supply mains and acquisition charges etc , is all borne by the Government and is to be met from the sale proceeds of the sale of sites

3 When the sites are formed and buildings constructed the Municipality derives revenue from the house taxes on buildings and vacant sites, and the maintenance charges are covered up by this taxation

4 The road under reference is in use and the Municipality has to maintain it annually without allowing it to deteriorate since the road is within Municipal Limits and used by the people and no exception can be made to single out a particular road in the net work of roads maintained by the Municipality within Municipal limits

5 The realisation from the sale proceeds of the sites have to be debited to the cost of layout of sites, roads, drains etc ,and hence the question of proportionate transfer of the cost of sites adjacent to the road does not arise

6 Final orders have been issued in the matter vide letter No P W 8579 dated 29 4 42 from the Secretary to Government, P W D to the Municipal Commissioner, Bangalore City and communicated in Superintending Engineer's letter No 19085 dated 21 5 42 to the effect that the road has to be maintained by the Municipality

SIR

Subject - Monkey Thope Road - Maintenance of

With reference to your letter o L 4927/ 1 50-41-176 dated 12-11-1943 calling for certain particulars regarding the above I have the honour to state that no houses have been built in the area adjacent to the road and that no sites have been sold as yet but the sites have been formed and proposed for sale between Sunkal Farm Road and the main drain on the western side of the road

The road in question requires some repairs before the sites are sold as it is not repaired from the time of its formation and as there is jungle growth on the foot path

I have the honour to be
Sir
Your most obedient servant,

P Suryanarayana Setti
Municipal Commissioner

mlt

Forwarded with compliments

Monkey Thope Road is a very important connection between Cubbon Park & Lalbagh Extension, and even though the beautiful parallel roads were laid at a heavy cost, they have been neglected with the result that vegetation has now grown over it

The plots formed only among the roads are very valuable, and under the present market value, if they are sold, they easily fetch Rs 10 to Rs 16/— per sq yard But it has become no man's land, and it is in a very neglected condition

Therefore urgent orders may kindly be got on to the disposal of the plots and maintenance of this part of the City

This set of parallel roads, do not serve the important one, if they are not continued to Lalbagh road, once a small bit of land in Congestation limits it will be to the mutual benefit of two Municipalities to continue the roads to complete the connection A reference may also be kindly made to the Resident — Mysore urging the necessity for the scheme, and for completing the already delayed work in order to develop the area

Yours sincerely
H Sreenivasaiah

Sir

Subject - Maintenance of the Monkey Tope Road

With reference to your letter No L 7278/M L 50-41-177 dated 18-1-44, on the above subject, I have the honour to state that it is reported by the Superintending Engineer, Mysore Circle, that the area to the right of Monkey Thope road consists what is known as Wilson Garden Extension and in this area, the portion A C D E is a burrial ground where no sites are formed and the portion B C D E is proposed to be formed into 96 sites (vide plan enclosed) The vacant area together with the sites belong to Government On the left side of the road, it is reported that no extension is laid and the lands are private ones The plan may be returned after perusal

Regarding the maintenance of the road, it may be stated that it was formed by the Municipality from State Funds and requires annual maintenance in order to prevent deterioration As the road is within the Municipal limits, the responsibility of maintenance vests with the Municipality

I have the honour to be,

Date of issue 19th April 1944

Signed by Mr C N N

Rg A

Sir,

I am directed to refer to letter No Pol 403/Ml 48 38 dated 18 9 39 on the above subject, and to state that the new road known as Monkey Pope Road - a double strip each portion being 4 1/3 furlongs in length - has been formed ~~by the Civil Dept~~ within the city limits near the Lalbagh Garden Extension B'lore, and a short length remains to be formed within the C & M Station Municipal limit

I ist of enclosures

to have a continuous street connecting
the city with Cantonment as per cross
sectional drawings sent with my letter No O
No 1049/Mil 48 38 dy 30 1 40

As the road in question has since gained
in importance due to a number of houses
having come up in the new Lotson Garden
Extension, and as the road formed within
the city limits will not serve its full purpose,
unless it is linked up with the Cantonement,
I am to request that the Hon'ble the Resident
may kindly be moved to use his good offices
with the Ct H Station Municipal Commission
for ~~a very early~~ starting of the formation
of the Short length in the Station limits, very early which,
when completed, will be beneficial ~~to~~ to the
public of both the city and the Cantonement

Thanks etc

Yrs
